

CHANCELLOR'S SCHOLARSHIPS DISTRIBUTED

Chancellor's Scholarships Distribution Ceremony 2018 was organized on 23-02-2018 at University Campus in the august presence of The Hon'ble Governor, Madhya Pradesh and Chancellor, RGPV, Smt. Anandiben Patel; Vice Chancellor, RGPV, Prof. Sunil Kumar; Principal Secretary, Government of Madhya Pradesh, Department of Technical Education & Skill Development, Shri Sanjay Bandopadhyaya; Chairman, Admission & Fee Regulatory Committee (AFRC), Madhya Pradesh, Prof. T.R. Thapak and Registrar, RGPV, Prof. S.K. Jain. These Scholarships are conceptualized with an objective to support meritorious students with brilliant academic records and to encourage them in unleashing their full academic potential to reach greater heights in career. The scholarships are available for undergraduate students in the fields of Engineering, Pharmacy and Architecture. These scholarships have been awarded every year since 2008-09 to the meritorious students scoring maximum marks in theory subjects. This year the Chancellor's Scholarship for the academic year 2016-2017 and 2017-2018 have been distributed to approximately 560 meritorious students of the University including its constituent autonomous institute (UIT-RGPV) at the auspicious hands of Smt. Anandiben Patel, The Hon'ble Governor of Madhya Pradesh & Chancellor, RGPV. In her Presidential Address, Hon'ble Governor applauded the presence of large number of girl students in the winners list. She further elicited the inclusiveness of Science and Technology deeply rooted in our culture and inspired University to expand Research & Development towards full exploitation of technology for implementing large-scale projects. Principal Secretary, Government of Madhya Pradesh, Department of Technical Education & Skill Development, Shri Sanjay Bandopadhyaya and Chairman, Admission & Fee Regulatory Committee (AFRC), Madhya Pradesh, Prof. T.R. Thapak congratulated the winning students.

Dr. Anil Kothari, Professor & Head, Training & Placement Department coordinated the Meet.

THOUGHT OF THE MONTH

-- Right Path, the way to Success --

Success is not achieving a set target but to move on a right path to achieve the target. So to be successful in life, set a goal and try to achieve it tracking a Right Path. In other words you have to, first, find out the Right Path to move on to SUCCESS. Set clear cut and measurable goals taking advice from seniors and those who bother for your well being. Proceed towards those goals, following the Right Path, with full strength and energy without being crippled by hardships. Be ready to take risks and to embrace errors. With courage and creativity, keep marching on the chosen path hoping to achieve the set goal. In this age of cut throat competition, sometimes we are tempted to adopt a short cut which might even be a wrong path, to achieve the set goal ahead of others. Important is to follow a Right Path, no matter how long you have to go, in achieving the set goals. Would you call a person, who achieves his set goals, following a wrong path, Successful? Much, much more weightage must be given to ‘How the goal is achieved’ than ‘What the achieved goal is’. Treading a Right Path, leading to success, requires determination and perseverance. But nothing is impossible. Be courageous, positive and above all optimistic and you will surely lead and succeed. Always remember the words of Longfellow- “The heights by great men reached and kept, were not attained by sudden flight But they while their companions slept, were toiling upward in the night.”

DR. SALEEM AKHTAR

Professor, Dept. of Civil Engg.,
UIT, RGPV, Bhopal

Training & Placement Department organized One-Day Faculty Development Programme on “Session on Experiential Learning: Project Management” under TEQIP-III.
