Sub.:- Participation in International Spirituality Olympiad.

Dear Colleagues,

International Spirituality Olympiad Council (ISO) is organizing International Spirituality Olympiad 2025-26. ISO is a registered public charitable trust working as a socio-spiritual and cultural organization. It has a number of highly distinguished and eminent personalities as patrons, mentors, trustees, central unit members, various functionaries.

This is a very unique endeavor spreading spiritual and cultural awakening among the students. You must agree that Spiritual awakening is essential for students to develop purpose, emotional resilience, and a deeper sense of self, which helps them navigate life's challenges with greater well-being. It fosters meaningful connections with others through values like empathy, provides a stable sense of inner peace independent of external validation, and builds a stronger ethical foundation for decision-making. Cultivating a spiritual practice also improves mental clarity and provides support during transitions, contributing to a more fulfilling life.

A brochure containing the detailed information about the Olympiad alongwith the registration form is attached herewith.

I am sure the participants will be immensely benefitted from this Olympiad. You may like to consider participation from your Institution in the above Olympiad as per the enclosed brochure.

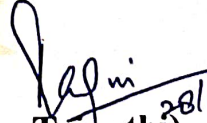

For any further query you may kindly visit website of ISO – www.isocouncil.org.
Contact details are given in enclosed brochure.
