In this era of technological modernization, our educational systems are more synonymous to solar system where role of institutions is the same as that of sun which serves as an epitome of energy that enlivens our world. Students emerging out of these institutions are similar to sunbeams, which carry its vigor and shine to distant horizons. Here, I would like to remind my dear students to always keep up with this positive energy and attitude and magnificently exploit the same for the welfare of self, institution and the world at large. This indeed would be a true service to the nation. Here, I would also like to encourage my peers and other staff to always act in harmony and never compromise with the ethics, integrity and devotion for the welfare of young learners. Such small acts of wisdom will eternally glorify the magnificence of our educational system ever and ever. India is a country of rich culture and heritage. In one of the revered verse “**Gurur Brahmaa Gurur Vishnu Gurur Devo Maheshwarah Gurur Saakshaata Parabrahma Tasmai Shri Guruve Namah**”, teacher is quoted equivalent to god. Hence, as a teacher we must realize our primary role not to end in classroom pedagogy but also to be extended in mastering our students in the art of living. Every teacher must realize that his or her duty is to encourage students towards glorifying the institutions and the university all around the world through their achievements.

RGPV PREPARES MODULE FOR ONLINE EXAMINATION

The University has prepared a module for the on line practical examination in view of the problems being faced in conduct of practical examination. This module has been sent to colleges and all the information related with the online practical has been given in the module so that students would be able to practice the practical conveniently. It would make the appearing in practical examination more convenient for students of engineering colleges in Madhya Pradesh. According to RGPV, this process will provide enough time for online practical practice to students.

NEWS FROM AFFILIATED INSTITUTIONS

e-YANTRA LAB INAUGURATION & WORKSHOP ON ROBOTICS AT INDORE INSTITUTE OF SCIENCE AND TECHNOLOGY, INDORE

Indore Institute of Science and Technology (IIST), Indore organized two days workshop on “Fire Bird Robotics” which is a part of eLSI (IIT Mumbai i.e. YANTRA Lab Set Up Initiatives) on 18th - 19th July 2016. IIT Mumbai e-Yantra Lab Setup Initiative (eLSI) is designed as a scalable and sustainable approach that addresses infrastructure creation and teacher training – to create an eco-system at the colleges to impart effective engineering education. e-yantra is a project by IIT Mumbai to Provide a platform for students to learn concepts in robotics, embedded systems and advance micro-controller programming by challenging competition in the Project Based

Learning (PBL) mode and search out the hidden talent. It is supported by MHRD, the national mission on Education through ICT to spread embedded systems and Robotics education in all the colleges across INDIA. The two days workshop on Robotics and “Embedded systems & Robotic Lab” was inaugurated by Dr Krishna Lala, senior project manager department of Computer Science Engineering, IIT Mumbai in the presence of Director Shail Group of Institution Dr. Joy Banerjee.

The workshop was attended by more than 40 representatives of 15 renowned engineering colleges & Polytechnic College near around Indore.

WORLD ENVIRONMENT DAY CELEBRATED AT LNCT, BHOPAL

Ryan international school students along with their teachers visited LNCT, LNCTS, LNCTE Campus on 21 July 2016 and took part in plantation drive and also took oath for environmental awareness and protection and appreciated the lush-green campus. The event was followed by a seminar on e-Waste Management and an e-waste collection drive launched at various institutions of LNCT group in collaboration with CII- Yi.

FROM THE CORNER OF NAAC (SSR-RGPV): CRITERION III - RESEARCH, CONSULTANCY, AND EXTENSION:

A Research Corpus of Rs. 100 millions has been allocated for investing in high-quality and innovative research projects. Conferences organized by the affiliated institutions are promoted through financial support by the RGPV upto 2 lakh rupees. Awards are conferred on selected research projects with commendable ideas and laudable innovative experiments. For encouraging good quality research works, awards are conferred on the authors of selected research papers. University also promotes their faculty members to file patents as well as IPR to various national and international organizations. The University has received substantial grant (Rs. 12.5 crores) under TEQIP Phase-II from World Bank for developing infrastructural facilities for research for the period 2012-2016.
