This is the time of multitasking. If you can do one thing and your competitor can do a multiple things, be rest assured that you'll be fired and you have to fly with your dreams to somewhere else. There was a time when you used to take out time from your personal lives to do something professionally and now there's a time when you try and take out time from your professional life to do something personally. Profession suffers, relationship suffers and with that your happiness suffers too. Trust me, many relationships suffer a lot because we aren't able to manage our schedule properly. If you can't manage time between your friends and families, one of them will sign off from your life. You should know how to manage things, your time. You should know when to switch into work and when to switch it off. My hectic schedule sometimes take life out of me but I still manage to talk to my family, do Skype with them and then I go back to my table where I write at least 1000 words of my new novel daily. Not even for once people have told me that I don't give them enough time in life even though I am so busy. I keep Sunday to myself where I spend crazy time with my buddies, so my strategy is to 'Work a lot, be disciplined and then forget about your work on Sundays.' That keeps my childhood and a child in my soul alive.

"Try to learn something about everything and everything about something." - Thomas Huxley

9TH CONVOCATION OF THE UNIVERSITY ORGANIZED

NEWS SPARKS

9th Convocation Ceremony of the RGPV was graciously held at the University Campus on 29th Sept 2016. Hon'ble Governor, Madhya Pradesh and Chancellor, RGPV Prof. Om Prakash Kohli presided over the function. He distributed a total of 45368 degrees for 2013, 54549 degrees for 2014 and 119 PhD degrees amongst the students. 121 gold and silver medals were also distributed to the meritorious students. In his address Hon'ble Governor advised the students to cogently use their skills while migrating from a protected University atmosphere to challenging outer world. He also emphasized the inevitability of emotional efficiency along with intellectual efficiency as a key factor for students' overall development. In the era of knowledge revolution, he instructed graduating students not to forget the significance of rich cultural heritage of indigenous knowledge in India. Vice Chancellor, RGPV, Prof. Piyush Trivedi presented the Vice Chancellor's Report highlighting the key initiatives taken by the University in the past few years. Shri Deepak Joshi, Minister of Technical Education and Skill Development briefed the students about the spiritual knowledge heritage of the country. In his convocation address, Dr. G. Satheesh Reddy, Scientific Advisor, Raksha Mantri, and also Distinguished Scientist, DRDO upon whom the Doctor of Science (Honoris Causa) Degree was conferred shared his concern for the growth and development of indigenous defense technologies in the country. He also informed the students about the novel initiative such as dissemination of innovation funds for the innovation in futuristic defense technologies. Principal Secretary Technical Education, Smt. Kalpana Shrivastava; Principal Secretary to Governor, Shri Ajay Tirki; Vice Chancellors of Universities and prominent citizens were present on the occasion.

D.Sc. Conferred Upon Dr. G. Sateesh Reddy (Scientific Advisor to Raksha Mantri and Director General (Missiles and Strategic Systems), DRDO)

Recognizing the immense contributions of Dr. Satheesh in the field of Defense Research and Development, RGPV honored him by conferring upon him the D.Sc. [Honoris Causa] Degree in the 9th Convocation of the University.
